

PSEA invites you to promote excellence in education
by applying for an Innovative Teaching Grant.

PSEA's Innovative Teaching Grants program was initiated in 1972 and recognizes PSEA members for their contributions to innovative instruction. Each year, up to four \$1,500 grants are awarded to teachers, librarians, education support professionals, instructional teams, pupil services personnel, higher education staff, PSEA retirees (when working with a PSEA teacher), and/or student PSEA members. PSEA's Council on Instruction and Professional Development recommends grant applicants to the PSEA Board of Directors each year with grantees recognized at the PSEA Spring House of Delegates held in May of each year.

All applications must be submitted by email to KLewis@PSEA.org
and received at PSEA by 5:00 PM on **February 1st** of each year.

Questions? Contact Education Services at ProfessionalLearning@PSEA.org.
