

PSEA SUPPORTS HOUSE BILL 2497

The Senate has passed an amended version of HB 2497, pension reform legislation that would save the Commonwealth nearly \$3 billion in public employee pension costs. PSEA supports the bill passed by the Senate.

When the House passed responsible and balanced solutions to the pension crisis in June, you showed great leadership and moved the public debate about the pension crisis in a positive direction. The bill achieves a major priority of PSEA by ensuring a defined benefit pension system will be maintained for public employees now and into the future.

On behalf of the hundreds of education professionals in your district, PSEA urges you to return to Harrisburg right away and send House Bill 2497 to the Governor.
