**Bargaining 201: Bargaining for the ~~the~~
OUR Common Good**

by Cori Fecho, PSEA ER UniServ Representative

The needs of the educational environment are changing and growing. So are the needs of our members! We need to grow in our perspective of what could and should be bargained. Often we impose limits on ourselves that don't really exist, and we need to push those limits to more accurately reflect contractual benefits that our members would appreciate. This session hopes to get your brain ticking at interesting items to consider and language that will have you asking for more.
