

Thank you for attending the PSEA Collective Bargaining Conference!

It is wonderful to know so many colleagues come together in support of our members and the bargaining process that strengthens our profession.

For those I haven't had the chance to meet yet, my name is David Taylor, and I have the privilege of serving as the Western Region President. I'm excited to connect with each of you and continue building on the incredible work happening across our region.

I hope to see you at upcoming Western Region events—your voice and your leadership are what make our association strong.

In solidarity,
David Taylor
