<i>Name</i>	<i>Local EA</i>	<i>Title &amp; Description</i>
<b>Andrea Ricevuto</b>  Southeastern Region	Interboro	<b><i>Providing our ELL Students with Authentic Opportunities to see "The Big Picture"</i></b>  English Language Learner students in grades K-4 and 4-12 will have the opportunity to travel to four local community establishments, once per marking period, during the school day to connect with ELL classmates from four different Interboro community school buildings and apply reading, writing, listening, and speaking skills into real-world experiences.
<b>Deanna Gay</b>  Northeastern Region	Central Susquehanna Intermediate Unit 16	<b><i>The Power of Playdough</i></b>  Playdough offers a variety of developmental, learning, and sensory benefits for young children. Playdough sensory kits will help children creatively build and act out play scenarios from stories or activities they learned in school, all while they are using vocabulary, increasing engagement, and developing hand strength and dexterity.
<b>Keith McCray, Jr.</b>  Southern Region	Waynesboro	<b><i>Look What I Can Makey Makey!</i></b>  The goal of the <i>Look What I Can Makey Makey</i> Project is to increase student engagement/achievement in STEM activities by introducing 21 <sup>st</sup> Century technology into the classroom. The project will use Makey Makey kits, an invention kit that can turn everyday objects into touchpads, by providing opportunities for students to be creative and have fun while developing fundamental STEM skills.
