Dedicated to Expand Your Knowledge for Your Local

This year we will be addressing many different workshops and issues. The first is a round table discussion focusing on topics attending members bring to the table, we will learn from each other as we discuss the issues at hand. The second workshop will be a legal update on cases from around the state and those specifically affecting the northeast. The third training session will illustrate the PSERS retirement system. The fourth workshop will be a review of the many member benefits that PSEA offers for your members and how to use them to your advantage.
