Know Your Contract

Presenters: Brooke Witt, PSEA Region Field Director

In any employer/employee situation, management has all the rights except those that are given to the employee by the law and collective bargaining. Your contract will spell out wages, benefits, and working conditions - your rights and responsibilities - that you inherit when you begin employment. Workshop participants will take a scavenger hunt through their contract to learn what all those fancy titles mean.

Flyers containing specific details and registration information will be sent to all local presidents three weeks prior to the workshops and will also be posted on:
