RE: Cancellation/Postponement of 2020 ESP Workshop/House of Delegates

I am writing to inform you of changes to the spring 2020 ESP Workshops and House of Delegates schedule. The 2020 ESP workshops scheduled for April 24-25 at the Lancaster Marriott have been cancelled due to the COVID-19 emergency. With many uncertainties, the ESP Board felt it was best to cancel the workshops rather than try to reschedule them.

The ESP Region House of Delegates scheduled for 7:30 p.m. April 24 will be postponed. As provided for in its Constitution and Bylaws, the ESP Region House of Delegates shall meet “at least annually in the spring” at a time and place set by the ESP Region Board of Directors. At this upcoming spring House, delegates were to elect the vice-president and officer at large, as well as committee members for the Resolutions Committee, Legislative Committee, and the IPD Council, for terms to start September 1, 2020.

Your Region officers and Board of Directors will work to reschedule the House to a later date so that these elections and other business may be conducted in compliance with the law and with our governing documents.

More information will be sent to local Presidents and registered delegates once we have more finite information.

PLEASE CANCEL HOTEL RESERVATIONS BY CONTACTING THE LANCASTER MARRIOTT AT 717-239-1600.

While continuity in governance is critical, the health of PSEA’s members is paramount. Thank you for your understanding and patience as we work through the rescheduling of the ESP House of Delegates. Stay healthy and safe!

In Solidarity,

Dawn Bandle
ESP Region President
