AGENDA

10:00 – 12:30 p.m. “Using ABA to Teach and Manage Problem Behavior”

PRESENTER: Paul Eschbach, MA BCBA LBS

The objectives of this course are to define applied behavior analysis (ABA), demonstrate the utility of ABA in the treatment of Autism, illustrate the three-term contingency of behavior, describe common procedures in ABA, apply ABA procedures to common behavioral goals of children with Autism, and to achieve competency in foundational knowledge of ABA and its application.

12:30 – 1:00 p.m. – LUNCH

1:00 – 2:30 p.m. “Strategies and Tips Relating to Working with Students with Disabilities”

PRESENTER: Dr. David Bateman, Shippensburg University

This session will teach specific strategies and tips relating to working with students with disabilities. The strategies are to provide support for staff as they lead their schools in providing services for students with disabilities. The strategies and tips relate to including students with disabilities in general education classrooms, providing support for classroom teachers, paraprofessionals, school counselors, and other students in the building. It will also provide specific tips for staff as they use email, lead IEP meetings, and deliver news (both good and bad) to parents about the progress of a student in their school. It will also include specific tips for ensuring students eligible for Section 504 accommodation plans to ensure they are appropriately identified and services are provided. It will also include information about specific accommodations for specific disabilities to assist teachers when they are leading meetings.

2:30 – 3:30 p.m. – Art and Networking Hour...Win a Coach Wallet!

After the sessions, feel free to view the galleries at CALC. During this time, we will be raffling prizes, including a Coach Wallet. Proceeds will go to PSEA Special Education Scholarship (part of the PSEA Lucy A. Valero Scholarship Fund).
